Founder's Day Feedback by Parents

Di!

First of all, let me congratulate everyone in TOS for a fabulous/no money's worth event (I cannot say paisa vasool for obvious reasons) yesterday. It was mind-blowing! What a performance!

While the percussion was going on in the end, I was already thinking in my mind that I must send an email to my entire Organization asking them to view the event, more importantly to fasten their seat belt for the finale!

Although percussion have been a hallmark of TOS, yesterday's was magic! Once the event was over, I went upto the stage to hug Nitin Da!

15-20 mins of live, without any retake by a battalion of students, was that possible? I will have to watch the VCD to see if there was any error, although I am not the right person to judge.

Once again hearty congrats to everyone involved in making yesterday's event a grand affair. TOS absolutely rocked!!!

Can't wait for today.

Thanks,

Prasad
