

OUR TRIP: ANDAMAN ISLANDS

By: The People That Went There... Obviously

FIRST... A BASIC INTRODUCTION

Our trip, which took place in our summer vacations, was in Andaman. Our trip consisted of two major locations:

- 1.MCBT (Madras Crocodile Bank Trust)
- 2.ANET (Andaman & Nicobar Environmental Team)

We departed on 23rd April and came back on 30th.

DAY 1: LIVING WITH LE CROCS.

- ⊙ Reached MCBT at 2pm. We had an amazing residence area.
- ⊙ We were introduced to our new friends “ the crocs”.
- ⊙ MCBT had 3000 crocodiles and alligators, and 380 were in a single enclosure.we also saw Jaws III which was 3rd the largest crocodile in the world.There were about 26 species of crocodiles there.
- ⊙ We entered some enclosures which had baby crocodiles in it.
- ⊙ We had a fantastic day and an even better night because of the night walk.

DAY 2: WE BECOME ISLANDERS....

- ⦿ After a long journey we reach the serene islands.
- ⦿ We reached ANET in some time after landing, and to break the ice we played some games through which we became familiar with our new homes.
- ⦿ The camp's surroundings and atmosphere was so different from the mainland and thus it took us some time to adapt.
- ⦿ We had a heart warming dinner and then we were off to beds early (atleast thats what they thought XD)

DAY 3 & 4: IN THE WAAATAAAAHHH.....

- 0 We were divided into two groups-GROUP A and GROUP B.
- 0 Group A did their scuba diving on day 3 and group B did theirs on day 4.
- 0 Both the groups started their days with TREE WALK where we noted and researched on the trees around ANET.
- 0 The highlight of day 3 & 4 was the SCUBA DIVING. Probably the best part of the trip.
- 0 Day 3 & 4 ended with us playing T.T,cards and other games....after all the scuba dive experience was mesmerizing and we couldn't sleep.

GOING BACK

DAY 5: THE WALK

- ⦿ We got up early for the forest and intertidal walk.
- ⦿ We went in a group through the forest to observe wildlife of the dense forests.
- ⦿ We reached the beach through the forest and had continued with our inter - tidal walk.
- ⦿ We saw many creatures in the tidal pools like rays, fish, crabs and surprisingly... Even a dead deer! Well... Half of it.
- ⦿ Later we had mapping of ANET and drama sessions.
- ⦿ We also played frisbee in the sunset!!

DAY 6: OMG! SHOPPING TIME!... IN ANDAMAN?

⊙ We left for Port Blair. This was to see the city part of Andaman and a bit of shopping..

⊙ First, we went to Ross Island, a famous jail from British Colonial Times. There were deer everywhere! They weren't scared of anyone and would just come and sit next to you.

⊙ Then we went to an anthropological museum of Andaman.

⊙ We then shopped for souvenirs.. It felt a lot like Pune. They had shops where we could buy our life supporting junk food.

DAY 7: BACK TO ROUTINE

⊙ we went to a marine wildlife museum saw many statues of the animals... They were good but of course not not as good after seeing the real ones

⊙ After that we took our bags and left for Chennai... We had a 5 hour halt there but we still enjoyed a lot over there.

⊙ Then finally we reached pune and ended this magical trip

EXTRAS.....

- ⊙ We used to play cards in the night.(midnight.. sshhh).
- ⊙ we played frisbee at the beach every evening and took some awesome selfies
- ⊙ All the people there were like good friends. (super cool)

THANK YOU
