Subject- Circular for Parent Orientation – Class I to XII

Dear Parents,

Greetings and a warm welcome to the New Academic Year!

To familiarize the parents about the new classes, system and the teachers, an Orientation program has been scheduled on **10th June, Saturday**.

Please note that there will be two different orientations for parents. The attendance of at least one parent is important for this orientation.

- 1. General Orientation** is the platform for parents to get oriented about the school polices, processes and new programs introduced or practised at the school or your child's class level.
- 2. Class Orientation** is the forum where the Class Teacher and the parents are able to meet each other. The Class Teacher orients the parents about the class level programs, system, the expectations from students, assessment pattern, etc. During the Class Orientation the Class Parent Volunteers are selected who then in coordination with the class teacher supports the teaching learning process and partners in enriching the process. They also act as a link between the parent community and the school.
