

# Movie Time

*Our children of class 1 – Lily, Poppy and Tulip had their movie time on 3<sup>rd</sup> July'19.*

*The children were briefed about how movie time in school is different from the movie time they have with their parents. Some thought that they might even get popcorns, but in vain!!*

*Our movie time was a bit different. It wasn't a one or two hour long show but just a four-minute video which we showed to them twice. They enjoyed watching it.*

*Well, we couldn't just leave it there. After they watched that video, we opened a discussion in the classroom where the teacher asked questions about who the characters were, summarise the story, retell the story, what did they like about the story and so on.*

We also integrated our other languages like Hindi where we asked them to say the story in Hindi. Children spoke wonderfully. We incorporated our theme for this month i.e 'Respect Languages' where we asked them to express their thoughts in the languages that they know.

We integrated fine arts too where we did a roleplay by the teachers becoming the characters and giving our own dialogues to the movie. There was a riot of laughter in the class.

An important value disposition of being kind, respecting the big and small took place through just one little video and children thoroughly enjoyed it!!
