Class IV Purple parent feedback on Cook With Your Child

Hi!

I take this opportunity to thank TOS for inviting Dads of 4th grade wards for 'Cook with Dad' session on Sat, Aug 3. I think this is a unique experience/initiative from TOS that allows Dads to show their culinary skills. Parents also get an opportunity to spend quality time with their child. Children on their part get to see the other side of their Dad. This is also an opportunity for Parents to mingle with other Parents and know a bit more of what they do. I also like the fact that there were many categories of prizes.

Keep it up!

Thanks,

Prasad Narayan

PS: I've more often than not seen the same grandparent accompany the child. TOS does a good job of honoring senior citizens and thank them for their participation. But TOS should also reprimand such Parents for not showing up and instead sending their Dad, if they are not doing so. Hope you get my point. Thanks!
