1	I am a student of Class XI (to be promoted to class XII). I have been detained in Class 11 in school because my academic result was not good. But some of my friends have been directly promoted based on their earlier results.	<ol style="list-style-type: none">1. All schools are advised to promote students of grades 9 and 11 to the next grades on the basis of all the school-based assessments including project work, periodic tests, term exams, etc. conducted so far.2. For any child who is unable to clear this internal process, (in any number of subjects), the school may utilise this period for providing remedial interventions, and school may give the opportunity of appearing in school-based test/s, online or offline. The promotion of such children maybe decided on the basis of such tests.3. Schools need to follow the instructions issued by CBSE. This applies to all the schools in India and Abroad.
2	Clause 5 of CBSE Press release dated 1.4.20 notifies that the Board has decided to not hold any more exams for the students of class 10 and 12 schools located outside India.	As per the information available, schools have been closed for a long period in Middle East Countries and in Kuwait till 3 rd August,2020. Similarly, schools in Iran, Japan, Nigeria, etc are also closed. Conducting exams is not a

	<p>As this would directly affect students associated with over 250 schools abroad, what will happen to the results of class XII students?</p>	<p>one-day process. It requires time to deliver papers, transport for evaluation, process results, etc. In such circumstances, if exams are conducted after 3rd August, then future of college admissions of all the students will be at stake.</p> <p>Therefore, the CBSE will prepare results of all students in CBSE schools located outside India, for all the subjects that the students had registered for based on certain objective criteria. CBSE will also issue passing documents as per practice for future use.</p>
3	<p>Majority of the non-resident Indian students, who are in CBSE schools abroad, have planned their higher studies in India. How will this affect college admission applications? The JEE exam has minimum requirement of 75% marks in the qualifying examination. How will that get affected?</p>	<p>Please see answer to FAQ number 2 above. In addition, the system of marking/assessment for the purpose of declaring results will be worked out by the Board shortly and informed to these schools so that the interest of students' is protected.</p>
4	<p>Please open a portal for reallocating centers for students who are writing entrance exams, because a lot of them are stranded in different locations and may not be able to take the exam at the allocated center, due to the changed circumstances.</p>	<p>Such requests that are received by us are being forwarded to National Testing Agency.</p> <p>However, it is advised to contact the National Testing Agency directly.</p>
5	<p>CBSE vide Press Release dated 01.04.2020 has directed all affiliated schools who could not conduct final exams due to Corona virus outbreak to promote all the class 9 and 10 students to class 11 and 12 on the basis of students' performance.</p>	<p>1. The promotion of such children maybe decided on the basis of such tests.</p> <p>3. Schools need to follow the instructions issued by CBSE. This applies to all the schools in India and Abroad.</p>
6	<p>I study in 12th class and my centre is in N-E Delhi. I have already appeared in economics and political science papers, but according to your notice these 2 exams will also be held again. Do I have to appear in both these papers again or not?</p>	<p>No, you need not re-appear in these examinations if you have already appeared. These exams will be conducted again for those few students who could not appear in these exams on the scheduled date due to the impact of law and order issues on them.</p>
7	<p>As CBSE will conduct class-XII Maths exam separately for N-E Delhi, can students of Kuwait also appear in the same exam?</p>	<p>As per the information available, Kuwait has been under strict lockdown since 12th March and schools have been closed in Kuwait till 3rd August, 2020. Similarly, schools have been closed for long periods in all other Middle East Countries. In such circumstances, if exams are conducted after 3rd August, then future admissions of the students will be at stake.</p> <p>The system of marking/assessment for the purpose of declaring results will be worked out by the Board shortly and</p>

18	As per the Press Release dated 01.4.2020, examinations will not be conducted in schools outside India. For future studies including NEET and Engineering exams, 12th standard marks are essential. How will CBSE handle such cases?	The system of marking/assessment for the purpose of declaring results will be worked out by the Board shortly and informed to these schools. It is reiterated that the interest of students will be protected.
20	Will the examinations for the language subjects be held along with other 29 subjects?	No. The examination in the language subjects will not be conducted along with the 29 subjects as per the Press Release dated 01.4.2020. It has been decided not to conduct these exams. However, for the purpose of results, the Board is preparing a policy as mentioned earlier.
21	Because maximum students study only for their final exams, can students of 9th and 11th grade also be promoted to next class, just like students of classes 1 to 8?	In Classes 9 and 11, there is a system of continuous internal assessment in most of the subjects by the schools. In addition, schools also conduct term exams at regular intervals in which the students are assessed. Hence the contention that maximum students study at the last moment for the final exams is not borne by facts.
22	When are the exam dates likely to be released?	At this stage and in the prevailing situation, it is difficult for the Board to decide and announce the new schedule for examinations. The Board will give notice of about 10 days to all stakeholders before starting the Board examinations.

32	Can school conduct online verbal examination as an opportunity to the students?	Spread of Covid-19 and lockdown as a preventive measure is a very rare conditions faced by almost all the countries in the world. In such extreme situations, innovations in examinations are quite welcomed.
33	We had declared the results of classes 9 and 11 on 18.03.20 and 19.03.20, before the schools were closed, which was followed by a complete lockdown. The students have been put in the compartment category and are detained too as per the guidelines and promotion rules issued by the CBSE. However, CBSE had issued a press release on 1.04.2020 followed by FAQ's related to the promotion of students of classes 9 and 11. Does this apply to our school also? Will it affect the result of our school in any way which was declared before the closure of the school?	Press release dated 01.04.2020 issued by CBSE will not be applicable on the promotion of the students of Classes-IX and XI whose results have been declared prior to Covid-19/ lockdown. Promotion of such students will be as per promotion policy existing at that time.
34	This is regarding CBSE circular of not permitting combination of Biology and Biotechnology at Senior Secondary level. This is an extremely popular and preferred combination with Biology students as Biotechnology help students of NEET, Biochemistry, Microbiology etc. in their further studies and expose them to various allied fields in biology. Also, Biology and Biotechnology syllabus do not overlap, instead supplement each other. Practicals in Biotechnology is further helping Biology students to have hands on experience, of what they are learning in theory. What is the rationale behind this	<ul style="list-style-type: none">• Biotechnology was introduced by the CBSE in the session 2002-2003 as an elective subject.• To promote Biotechnology, CBSE, requested Medical Council of India to consider Biotechnology in place of Biology in the eligibility criteria for admission in MBBS. This request was accepted and eligibility criterion for admission in MBBS was amended by the Medical Council of India.• In 2020, Biology has been offered by 2,67,705 students and Biotechnology by only 2727 students in class-XII. Only 873 students have offered Biology and Biotechnology.

	decision?	<ul style="list-style-type: none">• It is clear from the above data that combination of Biology and Biotechnology is not a popular combination and decision taken by CBSE will not create any issue for the students who wish to offer Biotechnology even now.• Further, no higher education institution requires both Biology and Biotechnology together be offered at 10+2 to make them eligible for any specific course.
35	CBSE in its press release dated 01.04.2020 informed that all students studying in classes 1 to 8 maybe promoted to the next class/grade. This advisory is being issued in consultation with NCERT. Will CBSE issue any further circular on this issue?	<ul style="list-style-type: none">• For classes 1 to 8, academic authority is NCERT. This circular dated 1.4.20 has been issued in consultation with NCERT.• No further circular will be issued by CBSE. All concerned can take necessary action at their end on the basis of our circular dated 1.4.20 or as per state rules and regulation, as applicable.
