31st January, 2011

Dear Parents,

This circular is sent to communicate the fee structure for the **next two academic years 2011-12 & 2012-13**. This circular comes after round of meetings TOS management and Board had with PTA.

TOS management has decided to freeze the fee structure for next two academic years, same as the fee structure in current year.

We are given to understand that Maharashtra Government will introduce the Fee Regulation Act sometime in March, 2011 in the assembly. TOS management makes the following commitment as regards the fee structure if and when the fee regulation act is implemented.

- If the fee committee grants lower fee structure than the one announced here, TOS will charge the granted (lower) fees.
- If the fee committee grants higher fee structure than the one announced here, TOS will charge the same announced fees as given below.

The fees will be charged in 4 installments. However, due to academic year cycle change, installment schedule too gets changed for next academic year and thereafter. Please refer to the earlier circulars in this regard.
