

THE ORCHID SCHOOL

## Parent feedback for Jashma Di class II Cyan

**Dear Jashma Di,**

We thank you for all the small and big things you have done and taken care while developing the kids. We know the kids will never ever forget your graceful attitude which you have showered on them with so much love and care in their upbringing the whole year.

We personally thank you for helping us in grooming Dhruv to get along with everybody as he is more settled with school and specially his classmates.
