

THE ORCHID SCHOOL

Response to the Math Fair

Hello Shilpa Di,

As I was entering the school for the Math Fair, I was eager to attend my daughter's **percussion performance**. Hurriedly I asked the young student gentleman at the doorway if he knew where the performance was. Having never been to the Am phi-theatre before I looked confused at his explanation and he so courteously walked me to the theatre on the third floor. This was Nikhil, a class 8 student. What a perfect host he was!

Congratulations to you and your entire team for giving them all an education that extends beyond textbooks and the syllabus. The Math Fair was brilliant - particularly Anuya, the young lady who was the MC of the percussion performance.

Had to tell you! Have a good week.

**Best,
Vidya Moorthy**

(Mother - Anjali Moorthy, Class IV Amber)
