

## The Orchid School

Baner, Pune

Date:13.02.2023

Circular No: TOS/FRO/CIR/FS/22-23/40

### Subject: Student Self Reflection Questionnaire Classes VIII, IX, XI

Dear Students

Hope you are all doing fine.

The Orchid School has always believed in Student Agency. We strongly believe that students should have a voice and choice for their education. But just like every coin has two sides, the other side of this power is the responsibility each student has.

As a student, there are some basic responsibilities which we cannot shy away from. The school has created an in-depth self-reflective form for each of you to answer. This questionnaire will help you to reflect on your daily routine and practices throughout this academic year during the online and offline functioning of the school.

Take some time to ponder and respond. You have the freedom to choose to be honest or not. Each statement in the questionnaire will help you to reflect and decipher if the actions have been good or need modification.

This will in turn be your moral compass to change your habits and behaviour for the future. This self-reflection will help you to identify the areas you need to focus on and more importantly the areas in which you already excel.

So, let's fill this questionnaire sincerely and honestly. [Click here](#) to answer the same.

Request you to mark your responses latest by 20<sup>th</sup> February 2023. This self-reflection sheet will be a part of the year end academic report card.
