Subject: Student Self-Reflective Questionnaire Classes IX, XI

Dear Students

Hope you are all doing fine.

At The Orchid School, we uphold the principle of Student Agency, believing strongly in empowering our students with a voice and choice in their education. We recognize that with this empowerment comes a significant responsibility.

As students, it is essential to acknowledge and embrace certain basic responsibilities that contribute to our growth and success. To assist you in this journey of self-awareness and personal development, the school has designed a comprehensive self-reflective questionnaire.

This questionnaire is intended to guide you in reflecting on your daily routines and practices throughout this academic year, encompassing all aspects of school functioning. Your honest responses will serve as a valuable tool for self-assessment, helping you identify areas of strength and areas in need of improvement.

We want to emphasize that your responses are entirely confidential, and you have the freedom to be honest in your reflections. Each statement in the questionnaire is crafted to aid you in evaluating your actions objectively, discerning whether they align with your personal values and the expectations of responsible citizenship.

By engaging in this self-reflection, you will establish a moral compass to guide your habits and behaviours for the future. It will enable you to pinpoint areas that require your attention while also recognizing the areas where you excel.

We urge you to take some time to ponder over the questions and respond sincerely. Your active participation in this self-assessment process is vital for your personal growth and academic success.

Thank you for your cooperation and commitment to your development as responsible individuals. [Click here](#) to answer the same.

Request you to mark your responses latest by 5th March 2024. This self-reflection sheet will be a mandatory part of the year end academic report card.
