Jui Keskar of class IX Saffron has been selected as one of the Grand Prize winners at the IRIS (Initiative for Research and Innovation in STEM) Science Fair. She will be representing India at the Regeneron International Science and Engineering Fair (ISEF) held in USA.

IRIS promotes and nurtures Science Technology Engineering and Mathematics (STEM) research amongst young Indian innovators. It recognizes and rewards outstanding projects and provides a platform for young innovators to get recognized at national and international STEM events.

The IRIS National Fair is conducted annually in India for school students. Winners of the IRIS National Fair go on to represent India at the Regeneron International Science and Engineering Fair (ISEF) held in USA.
