

ORCHIDS STUDENTS WIN THE SPECIAL AWARD AT THE BIRLA MEMORIAL SCIENCE EXHIBITION

The 3rd Annual Birla Memorial Science Exhibition was held at B K Birla Centre for Education, Pune on October 8th 2016 in which four students from Orchids participated. From the senior secondary school, Sharvin Joshi and Rhea Desai presented a project on 'The Wormhole Theory'. The students had prepared the project based on Einstein's theory of teleportation and time travel.

Ashvin Suresh and Aditya Kurkure of class X Orchids presented their project – 'Safe-Drive-O-Meter'. They came up with pollution and alcohol sensor for cars, which if incorporated can bring a huge difference to the pollution levels in the air and reduce the number of drunken driving accidents as well. Their project won the special award for its contribution towards societal values. Ashvin and Aditya were awarded with a trophy and certificates.

The school had made arrangements for the students to participate in the event and Ms Dhanashree Nandurkar, their physics teacher had accompanied the students for the event. Students had a lot of learning as well by understanding the different participatory exhibits comprising of innovative working models and investigation based projects.

Last year too, Orchids students had bagged the 'Creativity' award for their project C – Pacman – Automatic Backup System

Project by Sharvin Joshi and Rhea Desai on 'The Wormhole Theory'.

Project by Ashvin Suresh and Aditya Kurkure - 'Safe Drive-O-Meter'.
