## Subject: Parent Narrative Feedback Std. I, II, III, IV, V

Dear Parents,

At The Orchid School, we believe that holistic education is best achieved when parents and the school work together as partners in a child's learning journey. Therefore, we invite you to contribute to your ward's narrative report.

Research across the world highlights the important role of parental involvement in a child's overall development—academically, socially, and emotionally. As parents, you have unique opportunities to observe your child's attitude towards learning, behaviour, discipline, and social interactions beyond the classroom.

Your reflections will help provide a more complete picture of your child's growth and serve as a meaningful opportunity to reflect on their learning journey. While we understand that personal perspectives may include some subjectivity, your insights are valuable in helping us support your child better.

We encourage you to discuss these points with your child so they can also reflect on their own behaviour and growth. If you choose not to complete this section, the narrative report will remain blank.

### How to fill up the form:

- [Click here](#) for the google form.
- Fill it after discussion with your child.
- Be as honest as possible as your child is watching you.
- Integrity, honesty, authenticity are behaviours you can role model for your child.
- **Submit it latest by 17<sup>th</sup> March 2025.**
- If we don't receive your submission by the due date, we assume you made a choice to leave your child's narratives blank in the report card.
