**THE ORCHID SCHOOL**

Baner, Pune - 411045

Date: 01/06/2026

Circular No. TOS/FRO/CIR/FS/26-27/10

Dear Parents and Students,

Greetings from The Orchid School!

In alignment with CBSE guidelines emphasizing structured career counseling and competency-based education, and in deep resonance with **The Orchid School Vision**—*to provide a vibrant learning environment that nurtures the unique potential of every child, fostering locally rooted yet globally competent, sensitive, and responsible citizens*—we are committed to guiding our students safely and confidently toward their future pathways.

We are happy to introduce **PATHWAYS2POSSIBILITIES**, a comprehensive career guidance and profile-building program powered by EVAL and delivered in partnership with UEMS Ventures. The program leverages a scientifically designed career assessment platform to provide valuable insights into students' interests, aptitudes, personality traits, and learning preferences, empowering them to make informed, confident, and future-ready academic and career decisions.

**About the Programme:**

Designed for **Grades 8 to 12**, this program helps students understand their unique personality, learning styles, and strengths. It provides objective, data-backed insights to help families make informed, confident decisions regarding stream selection (Grade 10) and higher education pathways in India and abroad (Grades 11 & 12).

## **Important Schedule (To be conducted during school hours):**

### **Step 1: EVAL Assessment**

The programme begins with mandatory grade-wise EVAL digital assessments on **4 June 2026** and **5 June 2026** to map each student's aptitude and career interests.

### **Step 2: Expert-Led Roadmap Sessions**

#### **9 June 2026 (Grades 10, 11 & 12)**

- **Grade 10:** Stream Selection & Career Roadmaps Session
- **Grades 11 & 12:** Advanced Career & Higher Education Planning Session

#### **17 June 2026 (Grades 8 & 9)**

- **Grades 8 & 9:** Profile Building Foundations Session

### **Important Note**

The **EVAL assessment does not require any prior preparation or study**. It is not a test of academic knowledge but a scientifically designed career aptitude assessment that helps identify a student's interests, personality traits, strengths, and aptitudes. The assessment provides valuable insights that help match students with suitable academic streams and future career pathways, enabling informed and confident decision-making.

### **Programme Cost & Participation:**

- The registration fee of ₹300 for the EVAL is to be paid on or before 3rd June 2026 via the Edunext portal.
- The Edunext portal for payment will be open from 3:30 PM today. (Net banking option to be used.)
- Please note that cash payments will not be accepted.
- **Participation:** This program is **mandatory**. Every student must complete the EVAL assessment and must bring their printed report to their scheduled expert session to successfully map out their future roadmap.

We encourage our students to approach this opportunity with an open and curious mind as they discover their potential and map out their future milestones.

Thank you for your continued support.

Warm regards,

Dr. (Hon.) Sangeetha Thampy      Sonali Khambete  
Academic Programs & Projects Lead   Vice Principal
