Circular No.: TOS/FRO/CIR/FS/26-27/15

Subject: Circular for subscribing to a Math Games Library. (Classes I – V)

Dear Parents,

We are delighted to once again offer our students the opportunity to become members of the **Maths Games Library** in collaboration with **LearnQuest**.

LearnQuest is a leading educational organization dedicated to making Mathematics engaging, enjoyable, and meaningful for children. Through a wide range of curriculum-aligned games, puzzles, and hands-on activities, LearnQuest helps students develop logical reasoning, critical thinking, and problem-solving skills while fostering a positive attitude towards learning Mathematics.

Over the years, our school has successfully incorporated LearnQuest's mathematical manipulatives, worksheets, games, and activities into classroom teaching across the Primary Domain. Many parents may also recall interacting with the LearnQuest team during the Parent Orientation Programme held in April, where they showcased their innovative learning resources.

All the games are based on logical reasoning and aligned with the curriculum. This is entirely optional and hence subscribe to the library only if you wish to avail its services for your ward.

Turn math into playtime with LearnQuest's Maths Games Library.

- Weekly Swaps: Your child brings home a new, curated game every week.
- 20 Total Games: A full year of diverse, curriculum aligned and logic-building challenges with 20 games exchange in the whole academic year.
