THE ORCHID SCHOOL

SR.KG.DAFFODIL NEWSLETTER JUNE MONTH 2026 - 27

Dear parents,

We hope you had a relaxing vacation.

It has been an absolute pleasure welcoming our early learners back to school after the summer break. Although adjusting to a structured daily routine after weeks of vacation can be a daunting milestone for little ones, our students have risen to the occasion beautifully. They have adapted to the school environment with ease and confidence, which has thoroughly delighted both our teaching staff and parents. As you read on, you'll get a glimpse of the enriching and joyful learning moments our students have experienced this month.

JUNE HIGHLIGHTS: GROWING OUR LITTLE READERS & WRITERS!

Kinesthetic Literacy & Writing

This month, we focused heavily on Kinesthetic Literacy—which means we didn't just look at letters; we moved, touched, and built them! By engaging their bodies and hands through tracing, air-writing, and tactile materials, the children have deeply reinforced their letter-formation skills and muscle memory

Cracking the Code: CVC Short 'a' Words

We officially dove into the world of blending! The children learned how to read and write CVC (Consonant-Vowel-Consonant) words, focusing on the short 'a' vowel sound (like cat, man, map, and bag). They practiced isolating the beginning, middle, and ending sounds. They learned how to blend those sounds to read whole words independently smoothly.

RCC Passage Reading

To put our new decoding skills to the test, we introduced RCC (Reading Comprehension & Context) Passages. The children didn't just practice reading fluently; they practiced understanding what they read! We explored short, repetitive stories featuring our short 'a' words, helping the children build immense confidence as independent readers.

RCC Passage Reading

By the end of this month, our amazing students will have successfully achieved the following milestones:

- **Phonemic Awareness:** The ability to hear, identify, and manipulate individual sounds in short words.
- **Decoding & Blending:** Smoothly merging three sounds to read unfamiliar CVC short 'a' words.
- **Print Awareness & Fluency:** Tracking words from left to right across a passage and using context clues to understand the story.
- **Fine Motor Coordination:** Improved pencil grip and letter formation driven by our kinesthetic activities.

THE READING & WRITING HUB

★ **THIS MONTH'S MATH JOURNEY:**
FROM NUMBERS TO CONCEPTS!

Number Adventures

- **Counting & Writing 1–30:** We are building our mathematical stamina by confidently recognizing and writing numbers up to 30.
- **Number Flow & Logic:** Through forward and backward counting, as well as figuring out what comes "before and after" a number, the children are developing a deep, sequential understanding of how numbers work.
-  **Exploring Our World (Size, Weight, & Measurement) Hands-On Concepts:** We are using real-world objects to visually and physically explore opposites like Thick vs. Thin, Tall vs. Short, and Heavy vs. Light.
-  **Comparative Thinking More, Less, or the Same:** The children are analyzing groups of objects to determine which has more or fewer. This fun practice is laying the essential groundwork for future algebraic concepts like greater-than ($>$) and less-than ($<$).

EXPLORING WEIGHT WITH SCALES!

Big vs. Small

THIS MONTH'S THEME JOURNEY: FROM MY BODY TO MY SCHOOL !

Exploring Our World: My Body, My Home, My School t!

✨ This month, our little explorers journeyed through the three most important spaces in their lives! Here is a snapshot of what we discovered:

My Internal Body: Learned how our amazing hearts and brains keep us moving.

My Home: Explored our living spaces and practiced ways to keep them neat and cozy.

My School: Discovered the joy of sharing, making friends, and learning together.

SOME GLIMPSES OF THE MONTHLY EVENTS

ICE PAINTING ACTIVITY

STRETCH INTO SERENITY: YOGA DAY SPECIAL

Leaf Painting & International Yoga Day

Enhances Stability

Yoga helps children build core strength and balance, improving their physical stability.

Increases Confidence

Practicing yoga empowers children to believe in themselves and grow with confidence.

Improves Immunity

Regular yoga practice strengthens the immune system, keeping children healthy and active.

Improves Heart Health

Yoga promotes healthy circulation and supports a strong, happy heart in children.

ROOTED IN THANKFULNESS: GRATITUDE TO NATURE

JULY MONTH EVENTS

- **Sensory week**
- **Phonics Workshop**
11th July 26
- **Palkhi- 14th July '26**

As we wrap up another wonderful month of learning, we want to thank you for your continued support at home. Our Senior KG Daffodil superstars are growing more independent, curious, and confident every single day! It is a joy to watch them explore new concepts and build lasting friendships.

Please keep encouraging their reading and counting habits at home. Here's to another month of big smiles and milestones!

Warm Regards

Sr.KG Daffodil
