**Back with Enthusiasm.
Joyful June!**

The energy in our classroom is absolutely electric as we welcome the children back from their summer vacation! Stepping into June, our little learners returned with fresh minds, bright smiles, and endless energy! They settled beautifully into their daily routine, embracing new patterns of learning with cheer. The classroom was filled with fun, laughter and curiosity — making June a month of joyful discoveries.

Curriculum Highlights

"Every day is a new adventure when learning feels like play."

June was a month of cheerful discoveries and hands-on exploration. Our little learners stepped into literacy with new letters and sounds, strengthening their fine motor skills through tracing and pattern work. In numeracy, they counted with joy, compared everyday objects, and explored different concepts, through playful activities. Each day was filled with curiosity, laughter, and confidence — making June a truly joyful chapter in their learning journey.

This month, children embarked on exciting journeys across subjects.

Literacy

- 1. Letters J, H, M, N, E, F, K introduced (upper & lower case)
- 2. Vocabulary building through phonics.

Numeracy

1. Rote counting 1-20
2. Counting objects - 1 - 6
3. Number Writing - 2, 3, 5, 6 .
4. Concepts :
 - Heavy/Light,
 - Full/Empty,

Experienced through hands-on activities and real-life examples.

EVS

Theme: Parts of Body & Sense organs

- Parts of the body & Sense organs — children learnt to identify, name and appreciate how their body helps them every day.
- Children explored the use of different sense organs through engaging hands-on activities. They played musical instruments to understand that we hear with our ears. By tasting salt, sugar, lemon, and coffee powder, they discovered how the tongue helps us identify different tastes — salty, sweet, sour and bitter. Holding various objects allowed them to experience the feeling of rough and soft surfaces, reinforcing the sense of touch.

Glimpses of Activities
