

Mock Assessment – Parent Circular

Logical Reasoning & Computational Thinking Zonal Assessment

The Orchid School, Baner, Pune

Dear Parents,

ZONAL ASSESSMENT – KEY DATES

As you may be aware, the LogIQids Zonal Assessments (Stage 1 Exams) for our school are scheduled as per the timelines below:

Assessment	Grade(s)	Date	Mode
LQ Zonal Assessment (Round 1)	Class 1 to Class 9	5th October 2026	Offline in School

BONUS MARKS FOR THE ZONAL ASSESSMENT

Here is a simple way for your child to boost their Zonal Assessment score – just by practising:

WIN-WIN DEAL

Solve 20 worksheets before your Zonal Assessment, improve your logic, and earn **20 bonus marks** in the Zonal Assessment!

THE MOCK ASSESSMENT

To help your child walk into the Zonal Assessment prepared and confident, we are conducting a free Mock Assessment in advance:

FREE MOCK ASSESSMENT

Date: 1st September, 2026 to 8th September, 2026

Grades: Class 1 to Class 9 **Mode:** Online **Duration:** 1 hour

Join here: Go to www.logiqids.com or the LogIQids app and log in with your username and password.

Click here to see some sample questions before your mock exam.

How the Mock Assessment benefits your child:

- ▶ **Familiar format, in advance.** The assessment looks quite different from school exams; the mock removes any surprises on the day.
- ▶ **A detailed report, free of cost.** Each child receives a personalised analysis pinpointing exactly which topics to focus on before the Zonal Assessment.
- ▶ **Confidence on the day.** Children who attempt the mock walk in calmer, and qualify for the International round at a higher rate.

ABOUT LOGIQIDS

What sets a child apart today is not how much they can memorise, but how well they can think. LogIQids is not just an olympiad or a one-time test – it is a structured programme that develops how a child thinks, through worksheets, puzzles, and games that make reasoning feel like play. The assessment is simply a milestone on that journey.

Skills your child builds: critical thinking, pattern recognition, spatial & analytical reasoning, structured problem-solving, and sound decision-making – the abilities behind success in maths, science, and competitive exams.

It is free, it is quick, and it gives your child a genuine head start. We warmly encourage every child to take part.

For any queries, please contact the LogIQids support team at support@logiqids.com or WhatsApp on **+91-7045345345**.

Warm regards,
Team LogIQids
